

Pre Lab 3

Gavin Shields

February 5 2024

The screenshot shows a web browser window with the address bar displaying 'github.com/gash1807/APPM-4600'. The browser's address bar and tabs are visible at the top. Below the browser window, the GitHub repository page is shown. The repository name 'gash1807 / APPM-4600' is displayed, along with a 'Public' badge. The repository's main content area shows a table of files and folders.
